## In general:

Among congenial companions and under the direction of professionals, top athletes, and future competitive athletes as well as sports interested people hit on an ideal surrounding in Prau La Selva. This is not just due to the most favorable infrastructure of the sports center, but also to the surrounding of the sports and recreation area of Alpenarena with its dark blue lakes and infinite forests in the midst of the mountains of Grison. Furthermore, Flims provides a wide choice of accommodation as well as **eventually a special lodging near the sports center is available for children participating at the Super Summer Camp unaccompanied by their parents.**

The general objectives of the courses meet an appropriate physical rate of capacity according to age and performance without overstraining the body. According to the standard of performance and the contents of the training, the group sizes are graded individually.

Almost all course programs can be combined according to their contents and physical possibilities.

According to prior agreement, additional tuition is basically possible, if teaching staff and capacity are available. For administrative reasons, we would like to ask you to mention this on your registration form.

The programs of the participants should be essentially finished, the sequence of elements should be decided by their own coach.

**A minimum number of participants is required for all courses.**

For families wanting to train their mind and body we offer "performance, fun and active relaxation for the whole family" in an alpine scenery.

Apart from the sports event there are many social highlights, for instance barbecues as well as the **traditional figure skating exhibition followed by a communal dinner and a big party for all camp participants, coaches, parents and all guests of the ALPENARENA** (pictures 1-5), or 1<sup>st</sup> of August (Swiss National Day), etc.

**Figure skating groups with their own coaches** are welcome in Flims, **as long as we have the capacity** (free Patches), from the beginning of July to the end of September. They train on their own during the practice time of the different levels and have to pay a Patch fee. You can also participate in other courses offered such as: footwork, off ice training, psychology, choreography, rhythmic gymnastics, the dance workshop, tennis, and balance all fitness training. We welcomed in the past years e.g.: **Istvan Simon** Nationalcoach of Hungary with Szabolcs Vidrai, Victoria Pavuk a.o.; **Ilona Schindler/Iwo Svec** with Stefan Lindemann, Constanze Paulinius, Komena Brog Meier a.o., **Alexandr Vedenin** „Bayrischer Landestrainer“ with Zoya Douchine, Andrea Diewald, Andrej Vlaschenko a.o., **Sylvia Holtes**, Netherlands with Karen Venhuizen a.o., **Marius Negrea** Rumania with Gheorghe Chiper, Roxana Luca a.o., **Valentin Kadzevich** with his Australian-Group, **Victor Kudriavtsev** Russian Star Coach with from left to the right Denis Balandin, Roman Serov, Victoria Volchkova, **Elena Matveeva** (Star Choreographer), Evan Lysacek, and others
